PRISONER ON WAY SOUTH
TO YIELD PARAPHERNALI

Battles With Deputy After He Plunge Through Jail Window in His Effort to Escape; Plot Covers Long Period of Year

SAN FRANCISCO, Oct. 25.—After confessing the manufacture and circulation of bogus currency in wholesale lots, covering a period of several years, on operations in nearly every state in the Union, H. R. Wilken, 35 years old, a commercial artist of many aliases, is on his way to Los Angeles in company with United States Secret Service Agent Harry Moffitt. Wilken's capture in Santa Cruz Wednesday after he had attempted to turn one of his alleged spurious bills was followed by a sensational escape and capture. He was brought to San Francisco, where he was put through a daily cross-examination. Last night the prisoner broke down and made a full statement to Moffitt and Acting United States Attorney Thomas, promising to turn over to the authorities his plant, including plates and other counterfeiting paraphernalia, at South Hill street, Los Angeles.

Wilken has also gone under names of J. H. Harris and J. H. Williams, has been sought for years by the secret service agents and by every private detective agency and police department in America. Plying his vocation as an artist, he has succeeded in avoiding detection as he quietly manufactured his bills, making his own paper, putting little threads which are supposed to mean genuineness and thus almost defying detection by his counterfeit. His bills are of denominations of \$1, \$5 and \$10, and have been federal reserve bills drawn on the Federal Reserve Bank.

In Minneapolis. It was one of the presented Wednesday at the jew establishment of L. L. Crumpley Santa Cruz that led to his apprehension. The clerk, recognizing Wilken as a stranger in town, went to a back door, where the currency pronounced spurious. The police arrested Wilken and a few hours later he jumped out of a window at the county jail and put up a terrific fight with deputies who sought to recapture him. Wilken is unmarried, has a mother in New York whom he has been supporting.

It is believed that he has cleared up thousands of dollars, but he spent the money freely, and unless he has coin cached somewhere, is probably penniless.

**Harvard 23, Cornell 0,
End of Final Peri**

Harvard had scored 23 points none on the part of Cornell when the whistle ended the final period of the afternoon. From the start the Cornell players evidenced their superiority and at no time was the issue in doubt. Cornell's trick plays produced little effect.

More than 15,000 spectators seated in the Harvard Stadium watched the Cornell squad came upon the field for practice shortly after 2 o'clock. The Cornell eleven, admitted to the field as one of the best from a physical standpoint that ever came into the stadium, made a great impression. The odds changed and Cornell became the favorite.

Harvard followed Cornell on field at 2:15 and both squads played fast, forward passing, catching until shortly before time.

SUBMARINES SINK NINE NORWEGIANS

Berlin's Account of Battle in English Channel Asserts the British Lost Eleven Outpost Steamers and 3 Warcraft

Newspapers Say Deeds of the Submarines Have Not Been Cause of Panic, But Have Created Much Ill-Feeling

LONDON, Oct. 28.—Nine Norwegian vessels have been sunk by German submarines within twenty-four hours, said a Christiania despatch today in the campaign directed against Norwegian shipping as a protest against Norway's decree refusing submarines admission to her waters.

The deliberate murder of so many Norwegian ships inevitably makes head between the two nations and it will be a long time before they are forgotten in Norway, said the Christiania despatch. "The brutal deeds of German submarines, however, have not caused any hysterical reaction in Norway," said the despatch. "The Norwegian government is confident that the nation was strictly within its rights according to international law."

BERLIN, Oct. 28.—At least eleven outposts steamers and two or three torpedo-boat destroyers, or torpedo boats, were sunk or damaged by a German submarine in the English channel last night in the English channel between Folkestone and Boulogne, according to an official communication issued here. The German torpedo flotilla returned safely to its base without any loss.

The official statement issued by Berlin regarding the raid says: "Part of our torpedo forces moved from a German bay Thursday night through the Straits of Dover and Calais to the line of Folkestone-Boulogne in the English channel."

According to the report of Commander Michelsen at least eleven outposts steamers and two or three destroyers or torpedo boats were sunk partially or totally near hostile ports. Some members of the crews who were saved were captured.

Several other guarding vessels and at least two destroyers were heavily damaged by torpedoes and artillery fire. Also the English post steamer Queen was sunk south of Folkestone, the crew having time to leave the ship.

In the channel near the Farnes lightship there was a strikingly narrow escape for hostile ships. Our torpedo boats safely returned to German waters.

The English official report of the English channel raid asserted that two German destroyers were sunk and that the British loss was one destroyer sunk, one damaged and an empty transport, the Queen, sunk.

TWO VESSELS SUNK. LONDON, Oct. 28.—The Norwegian steamer Rygde has been sunk off Christiania, Norway, and her crew has been landed, says a Lloyd's agency despatch. The same agency reports that the British steamer trawler, Fuchs, has been sunk and her crew imprisoned in Germany.

The Norwegian steamer Fritze, while bound from Larvik, Norway, to London, with a cargo of boards, has been taken to Cuxhaven. The Rygde hailed from Christiania, belonged to H. M. Petesen, was built in 1913 and was of 720 tons.

GAS BOMBS DROPPED INTO GAY CAFE CROWDS

SAN FRANCISCO, Oct. 28.—Patrons in downtown cafes and restaurants under the influence of a gas attack in London by the enforced suffering of fumes from gas bombs which have been stealthily placed in the dining rooms in several instances.

John J. Koppinger, president of the Restaurant Owners' Association and proprietor of a fashionable gay street restaurant, has been one of the bomb victims. He has obtained a sample of the powder that was dropped on the floor from a plane and will have it analyzed with hopes of ascertaining the source from which it came.

T. R. to Answer Wilson's Speech At Brooklyn Tonight Teddy Will Reply

NEW YORK, Oct. 28.—Colonel Roosevelt will answer the President's speech in a speech in Brooklyn tonight, he announced on his arrival here today from his 6500-mile campaign trip, during which he spoke for Hughes in fourteen Western states.

After four speeches next week, he said, he will endeavor to become "merely a grandfather and a man of domestic habits" again. Roosevelt will speak at the Brooklyn Academy of Music tonight at a Hughes Alliance meeting. He will then rest at Oyster Bay until Wednesday night, when he will start west for speeches in Cleveland and Toledo, Ohio. He will return to New York Friday morning and will spend a day at Cooper Union Friday night.

On Saturday of next week he will give his final shot of the campaign at Baltimore, then return to Oyster Bay to await results.

NEW LEPER HOME TO BE DEDICATED

Three-Room Cottages at the County Infirmary Takes Place of Shacks.

Dedication services will be held tomorrow afternoon at the county infirmary for the new three-room cottages built for the three leper patients of the institution. The home contains new appointments making for the comfort of the boys confined in the institution. The new cottages were completed and made possible through the interest of the Ladies' Welfare League of Oakland, which organization will be present in force tomorrow at the ceremony. Modern conveniences have been included, including complete bathroom equipment.

The boys who will occupy the new houses are: Edward J. Zepeda, 22, who has lived in the present quarters for the past six years; Manuel Corona, 12 years, a patient at the infirmary for one year and a half; and William Corona, 9 years old, who has been there for one year.

The youths have been housed during this time in shacks, the walls of which were of inch-board thickness.

Dentici Will Face Charge of Perjury

SAN JOSE, Oct. 28.—As soon as S. Dentici of San Francisco heard that he had been indicted by a Santa Clara county grand jury, he came to this city and surrendered himself to Sheriff A. B. Langford. Dentici was indicted for perjury because the testimony he gave in the trial of Antonio Fedoro, who was later convicted of manslaughter for running down and killing young Zepeda, was false.

The indictment was returned by the grand jury after his arrival here, said that his absence from this long after the indictment was returned, but that he had been on a fishing trip in the northern part of the state and had not returned until yesterday of the action of the Santa Clara county grand jury.

Mills Campus Waits Master Skylark Play

Mills College annual playlet, the "Master Skylark," will be given on the campus tonight under the direction of Charles D. von Neumann, assistant professor of spoken English of the University of California. The play is by Edgar White Burrill and is a dramatization of a story by John Bennett. The setting is Shakespearean England. The various roles will be taken by the young women students, with Miss Helen Boyd of Clatsop in the title role. Miss Mary Nafie and Miss Irene Jamison will also appear in important roles. The production will be in the trees on the campus with special orchestra effects.

Dr. Wild, Dentist, Dies After Operation

Following an operation performed at the Affiliated College Hospital, San Francisco, from which he failed to rally, Dr. John S. Wild, widely known among dentists of the west, succumbed today, leaving a wife, Mrs. Margaret Wild, and a daughter, Snowden. For the past few years he has lived in Oakland at 1541 Webster street.

The funeral will be held Monday morning at 10 o'clock. Interment is to take place in Evergreen cemetery. Dr. Wild was 60 years of age and came to California from Colorado, where he had been successful in dentistry for many years.

Mineral investments failed and he was compelled to take up the sale of dental supplies, making the Pacific Coast his territory.

Educational Fund Now Has \$12,940,760

NEW YORK, Oct. 28.—The general education board, which administers the fund established by John D. Rockefeller, has announced additional appropriations which brings the total given by colleges by the board to \$12,940,760. Salary and expenses for a state agent for rural education in Oklahoma and an additional appropriation of \$5000 for 1916 University at Nashville, Tenn., are among the allotments made.

Slayer of Kitten May Die of Bite

CHEHALIS, Wash., Oct. 28.—As a result of the bite of a kitten which he was trying to drown, J. W. Mawson, well-known farmer of this section, is in a hospital at the point of death suffering from blood poisoning. Amputation of an infected finger proved of no avail.

Mawson attempted to drown the kitten by holding it under water. The animal bit his finger very slightly. Next day the wound began causing him excruciating pain and he has grown steadily worse.

The Woodrow Wilson Independence League reported expenditures of \$31,000.88. The amount contributed to this fund was the national committee, \$7911.96.

Mecum Missing; Warrant Is Waiting

SAN FRANCISCO, Oct. 28.—Maurice Mecum, the 19-year-old son of a wealthy merchant of Orem, faces arrest if he does not give himself up. A warrant has been issued following his neglect to answer a citation issued by the office of the district attorney calling on him to appear in court. The reason why he should not be charged with a statutory offense in his alleged betrayal of Miss Marie Nicky, also of Orem.

Miss Nicky, her mother and Hamilton Bauer, their attorney, waited for Mecum to show up, but he did not, and on a statement by Frank J. Franey, a cousin, that he had been missing since Thursday, a warrant was issued.

Bail was fixed at \$2000 cash or \$5000 security.

Austro-Germans Near Kronstadt Rumanians Lose on Both Fronts

BERLIN (via wireless to Sayville, L. I.), Oct. 28.—General Falkenhayn's forces have captured a height from the Rumanians south of Kronstadt, said an official statement this afternoon, reporting also that the Russo-Rumanians continue in flight in Dobruja.

SOFIA, Oct. 28.—Bulgarian troops have occupied the Danube town of Herova, twenty-five miles northwest of Cernavoda, in their pursuit of the Russo-Rumanians, it was officially announced today.

PETROGRAD, Oct. 28.—Austro-German forces launched a series of violent attacks against the Russian and Rumanian positions on both banks of the river Dniester, in the region of Dobruja yesterday, says the official statement issued today by the Russian war office, compelling the Russian advanced posts to abandon their heights.

BERLIN, Oct. 28.—Both jaws of the great Teutonic vise are closing in upon Rumania. Striking southward with two columns, Field Marshal von Falkenhayn's Austro-German army threatened the early capture of the Rumanian railway towns of Spina and Campulung, seventy miles northwest of Bucharest.

Mackensen's forces are rapidly clearing the defeated Russo-Rumanians from the Black Sea province of Dobruja. Before his swift advance the enemy abandoned the fortifications of the line of Harsova-Casapchiod and is now in retreat nearly forty miles north of the Constantza-Cernavoda railway. The Russo-Rumanians are poorly equipped with artillery and apparently unable to make a stand against the invaders.

Only on the northwestern frontier are the Rumanians on the offensive. Here they have achieved some local successes, but the positions of this whole northern Rumanian army become more perilous as Falkenhayn drives forward against its supply lines.

The Berlin newspapers, though expressing regret at the loss of Fort Domantou to the French, term this a slight reverse compared with the victories over the Rumanians. The Lokal Anzeiger declared that stores of benzine were exploded and set afire inside the fort as the French attacked in the fog, making necessary its evacuation.

LONDON, Oct. 28.—The Wireless News Agency today gave out a Rome despatch asserting that news from German sources indicates the beginning of a tremendous new Russian offensive in Poland and Galicia.

This report is not confirmed from any other source, but it is believed to mark the beginning of the allies' attempts to relieve the pressure on Rumania.

Another wireless message from Rome said that Bucharest estimates Austro-German losses in Transylvania at 800,000.

Beier Is Byer; "Beer" Is Driven to Bier

SEATTLE, Oct. 28.—"I'm a dry man, living in a dry community and I appeal to this honorable court for relief from what to me is a distressing humiliation."

Allen Christopher Beier of Riverport thus addressed himself this morning to Presiding Judge King Dykeman in superior court in support of his petition for a change of name.

"What's the matter with Beier?" asked Judge Dykeman. "That's a good German name."

"I know that, your honor, and I'm proud of my family," answered the applicant, "but my neighbors and the people with whom I do business persist in calling me 'Beer.' Even my mail comes that way. I am known as a temperance man and it humiliates me to be called 'Beer.' That name is extremely obnoxious, but the people generally, in spite of my protests, persist in calling me that."

The Berlin newspapers, though expressing regret at the loss of Fort Domantou to the French, term this a slight reverse compared with the victories over the Rumanians. The Lokal Anzeiger declared that stores of benzine were exploded and set afire inside the fort as the French attacked in the fog, making necessary its evacuation.

JOHNSON TO SPEAK HERE THREE TIMES

Governor, Candidate for Senator, to Address Republicans of Alameda, Berkeley and Oakland on New Program

Demand for Opinion on Issues Compels Rearrangement of First Schedule; Success for Ticket Seen by Committee

It was decided last night by the Republican County Central Committee that there will be three meetings in Alameda county next week at which Governor Johnson, Republican candidate for the United States Senate, will be the speaker. It was originally intended that Johnson would be only one of the speakers during the last week of the campaign, but that program was cast aside when Alameda county practically insisted on having the Governor for a rally in this city. The state central committee arranged matters so that Governor Johnson will appear at the Haight school auditorium on Monday night, October 30.

The county committee was then faced with a demand that the United States senatorial candidate should deliver an address in the University city. This was agreed upon and the county committee has scheduled the Governor to appear at Berkeley on Saturday night, November 4.

AT MACDONOUGH.

On Thursday night of next week, November 2, Governor Johnson will speak at the Macdonough theater in Oakland on his campaign for the United States Senate, and will give his reasons why the Republican ticket ought to be elected from top to bottom of the ballot. Owing to the large crowd that attended the Lincoln meeting at the Auditorium, it is certain that the county committee, that there will be an overflow at the Macdonough next Thursday night, so the State Central Committee has agreed to have a notable orator in hand to speak to the overflow meeting, which will be held in some near-by hall to be selected at the next meeting of the committee.

Thomas Knox of Livermore voiced the sentiment of the entire committee when he stated that the work of the coming week must be such that Alameda county must maintain her claim to be a real Republican stronghold.

FARMERS KNOW. "The farmers of the Livermore valley are glad to get good prices for their wheat," said Knox, "but they are not mistakenly giving Mr. Wilson the credit for it. I have lived in that end of the county for many years, but I have never seen the Republican outlook brighter than it is right now."

At Hayward tonight Hon. Peter J. Crosby will preside at a Republican rally. Myron Wolf and Congressman Elliott will be the speakers.

Body of Train Victim Is Held at Morgue

The body of J. N. McQueen, carpenter, of 823 Park way, who was run down by an electric train at the foot of Seventh avenue, lies at the morgue today, where it was taken following his death during the night. McQueen's wife and son were with him at the time of his death, having been found after several hours, search by city officials.

Morgue attendants give the direct cause of death as that of extreme shock, following amputation of his leg by the wheels of the train, a fractured skull and deep lacerations of the scalp. Little hope was held out for his recovery from the time he first went on the operating table.

McQueen was run down by the Southern Pacific train, bound from Alameda to Oakland. He was on his way to work and endeavored to cross the track before the train could reach him. He miscalculated the distance, according to pedestrians, and fell before the electric cars, suffering injuries which finally caused his death.

Secretary's Anger Is Aroused by Campaign

PROVIDENCE, R. I., Oct. 28.—Misquotations, misinterpretations and lies about the Democratic administration were charged against Republicans and opposition newspapers by Franklin D. Roosevelt, Assistant Secretary of the Navy, in his speech here last night.

"As to the outcome of the election, I feel there is no question," Roosevelt told his audience. "There would be no need of my speaking here tonight or of anyone else speaking, were it not necessary to respond to the unfair attacks which have been made on the President and all his advisers."

"Misquotations and misrepresentations—lies, have been used by the President's opponents. I say lies, because that is a good Roosevelt word to use."

"I wish Mr. Hughes could take a trip aboard a war vessel to the end of the campaign," said Roosevelt. "I wish he knew the truth about the state of the navy as we found it in 1913."

Nauseating Odors Rout Hughes Women

GALESBURG, Ill., Oct. 28.—The Hughes women's special entered Illinois today for the big Illinois drive. The campaigners had not entirely recovered their composure from the exciting Kansas City stop yesterday when hooters were directed to break up their parade. When they went to the auditorium for the night meeting the building reeked with the nauseating odor of ox gall, which had been spread in various parts of the hall.

Many women were forced to leave on contracting violent headaches from the fumes. The special made its first Illinois stop at Quincy where a large crowd of women met the train. After a few brief speeches the train left for this city.

Orator Frees Man Supposed Insane

REDDING, Oct. 28.—A remarkable plea was made by Joseph H. Harkins before a jury in the Superior Court, where he was on trial for insanity. He was examined two weeks ago by an insanity commission and was committed to the Stockton Hospital. Harkins demanded a jury trial.

At the close of the trial he asked permission to address the jury, and Judge Harkins granted the request. Harkins made a calm, deliberate, earnest appeal for liberty, and it so impressed the jury that he was discharged, the vote standing 9 to 3 in his favor.

County Registration 133,752 Republican Voters Increase

Alameda county's great register shows that there has been an increase of 34,000 Republican voters over two years ago.

The total registration for the last State election was approximately 122,000, as against 123,752, the number of voters on the rolls for the presidential election November 7. The registration is the greatest in the history of the county. It was estimated that the figures would reach 125,000, but the widespread increase in the issue of the day resulted in this estimate being surpassed by more than 3,000 votes. The figures for the registration are as accurate as time and effort would permit. Removals and other changes that would necessitate cancellations have been checked down to the last minute by County Clerk Gross and his deputies. In Sacramento county, a former Bull Moose stronghold, there has been an increase of 6,000 Republican voters, the exception of Imperial, which shows a loss of 400 Republican voters, the remainder of the counties have increased in that column from 10 to 75 per cent. The total registration for thirty counties is given as follows: Republican, 238,569; Democrats, 132,680; total all parties, 612,884.

DEBATE IS HELD ON AMENDMENTS STRAW VOTE TAKEN BY U. C. STUDENTS

Wilson and Gelder Are Heard on Question; Stetson Also Talks.

Fifty speeches by J. Stitt Wilson for California Dry and by Assemblyman George Gelder against prohibition were heard at a packed meeting of the University of California students held on the campus today. The speakers were heard in the hall of the University of California, where the straw ballot was taken. More than a quarter of the student body voted, casting a total of 833 votes. Wilson, 640 for Hughes, 1061 for Johnson to 495 for Patton; 1123 for Amendment No. 1 to 505 against and 1161 for amendment No. 2 to 436 against.

Two polling places were maintained, that for men students in North Hall, and that for the women in the Association of Women's Students' rooms. To prevent errors and duplications the "Officers and Students" was used as a register. J. E. Johnston, W. W. Hollingsworth, Randall M. Dorton and others who arranged the balloting were assisted by members of the faculty in the political science department.

In the case of the presidential candidates the women voted more strongly in proportion to their numbers for Wilson than the men. More decisive still were the feminine majorities in favor of the two prohibition amendments. There were 953 ballots cast by the men and 714 by the women. The following were the results of the voting:

	Men.	Women.	Total.
Wilson.....	620	463	983

Speaker in Plea for "Dry" California

Victory for the prohibition amendments was prophesied last evening by D. O. Colegrove, superintendent of the California Campaign Federation for Northern California, in an address given at a young people's rally at the First Baptist church.

"There is no absolute certainty of our winning," said Colegrove, "but there is a vast army at work in behalf of amendments 1 and 2, a greater army than has ever striven for a similar victory in any other state."

"Our money is all gone. The northern department of the Campaign Federation is living today on borrowed capital. Our strength is in the army of men and women who are working without a penny for their labors."

"This is not an outside movement," continued Colegrove. "Of the \$175,000 which the California Campaign Federation has spent during this campaign, less than one cent has come from persons outside the state. All the rest has been given by people within the state who want to see California enjoying the benefits of prohibition."

It is not a movement simply on the part of the southern part of the state. More northern California counties voted for the prohibition amendments last year than there were southern counties voting dry. There is enough moral sentiment in northern California to have forced this movement, and to keep it going until prohibition comes.

In Canada, the last province except Quebec has voted to banish the liquor traffic and the whole of Canada including Quebec will soon be dry. From the Yukon to Mexico, the only wet spot along the western coast is the strip from Del Norte county to San Diego."

Other speakers at last night's rally were Professor E. G. Lindley, representing the Baptist young people; Don Starn, state Christian Endeavor treasurer; and Charles H. G. Truman, of the Epworth League Alliance.

A. J. Ambush of Berkeley was the presiding officer. Announcement was made at the close of the rally that an automobile parade and concert would be made next Saturday, machines starting from Plymouth Congregational church, Oakland, at 11 o'clock in the morning, leaving San Jose at 2 p. m. and parading in San Francisco from 6 to 8 in the evening. Speakers, it is announced, will accompany the machines and will be heard in all the towns between Oakland and San Jose, and between San Jose and San Francisco.

Taft at Cedar Rapids Ridicules Democracy

CEDAR SPRINGS, Ia., Oct. 27.—Former President Taft, in an address to 2,000 persons who packed the city's largest auditorium last night, declared the Democratic party was seeking a vote of power for unsound reasons, flayed the free trade tariff and assailed the administration for wasteful extravagance, and made direct reply to President Wilson's defense of the enactment of the Adamson law.

The speech here last night was the second of the only two political speeches Mr. Taft was to make in Iowa. He arrived at 6 o'clock and was greeted by cheering thousands that packed the station platform.

EPISCOPALIANS WARN AMERICANS

Message of Bishops Deals With Race Antipathy and Unconsecrated Prosperity.

ST. LOUIS, Oct. 28.—Warning Americans against "the danger of race antipathy flaring into hatred" and against "unconsecrated prosperity, which is bound to cause manhood to decay," the pastoral letter of the Protestant Episcopal Church was read at the final joint session of the (national) convention here yesterday.

The letter is the message of the 103 bishops of the church to its communicants, and, under the church law, will be read in every Episcopal church in the country.

Unlike most previous pastoral letters, it dealt with secular rather than ecclesiastical affairs. It reviewed conditions in the United States and Europe and in the Orient, and pointed out to this country the threat that lingers in a national group selfishness of false patriotism.

"Whatever dangers may be lurking beyond our western horizon," it asserted, "can surely be averted by a spirit of justice which has not yet prevailed in our dealings with the Orient."

Members of the church were admonished to "sanctify their wealth by offering freely of their substance to God's cause." It being added that "the wounds of Armenia, Poland and Belgium still lie gaping to the sky and offer their dumb appeal to God."

All parts of the report of the joint commission on the revision and enlargement of the prayer book, which had not been discussed during the convention in both houses of the convention, today were sent back to the commission to be reported again at the next convention.

The House of Bishops notified the House of Deputies at the final session that it agreed with the lower house in practically all of the changes adopted in the morning and evening prayer service and in the psalter. Among those was the proposal to eliminate from the prayer for the President a plea for his long life and prosperity.

Wife Says "Women Friends" Win Hubby

Lola E. Robinson, 2630 Hopkins street, wants a divorce from Albert A. Robinson, a draughtsman for the Southern Pacific Company, after twenty-six years of married life on her part. She moved from their home several months ago to take up his residence in San Francisco where he could be nearer to two women friends.

She further alleges in the action filed in the local superior court, that her husband suggested that she divorce him before he left her.

"Why don't you get a divorce?" Robinson asked, according to the complaint. "Go to my lawyer; it won't cost you anything."

The Robinsons were married in 1890 and have two grown children. Mrs. Robinson wants \$50 a month alimony.

Divorce actions have been filed by Lena S. Allensworth against Walter Harvey Allensworth, editor; and Anna Abbott against Anna A. Abbott, desertion; Winifred E. Austin against James P. Austin, cruelty; Manuel Souza against Rosie M. Souza, cruelty; and Alice May Silva against Louis J. Silva, desertion.

San Joaquin Growers to Cut Rich Melon

FRESNO, Oct. 28.—Within the next few days the California Associated Raisin Company will distribute more than \$1,100,000 to the raisin-grape growers of California who are its members. This amount paid the raisin men for their 1915 crops will bring much prosperity to the San Joaquin valley.

Last year the Associated distributed a little more than \$400,000. Since that time an acreage campaign has been made and the Associated now has between 6500 and 7000 growers.

"We are just bringing to a close a very successful year," said James Madison, vice-president, today. "And prospects look good for a banner 1916 year."

The 1915 crop has been slightly damaged by the recent rain, but the grapes have been purchased by the California Raisin Association.

"We are just bringing to a close a very successful year," said James Madison, vice-president, today. "And prospects look good for a banner 1916 year."

College "Grad" Becomes Absorber of Peanuts, Moving Picture Devotee, or Street Preacher, Says Castigator

BERKELEY, Oct. 28.—That college education often makes for peanut chewing on the benches, for office work by day and moving pictures by night, or for street preaching and traveling salesmanship is the conclusion reached by Professor William L. ...

It is not strange that critics of this type shall throw the blame upon the heads of the sons in college. Such critics cannot see that persons of this type are the direct result of a natural revolt on the part of youth against the artificial and soul-crushing process of memory training which frequently we witness in a college education.

REVOLT IS NATURAL. Does it not occur to him that perhaps the fault lies not entirely in the young man, but partly in the teachers? Properly directed, I believe, the inquisitiveness of the young man, his natural love of truth, his tremendous impulse to build, to create, to make himself the center of a world of thought, would not degenerate into a fondness for beer.

Three causes appear to be open to the student. He may abandon the effort to learn in the prescribed manner and slide through his courses with the least effort. He may give his soul to be remolded by authority. He may revolt against authority.

NEW AND ARTISTIC PAVILION TO OPEN

Attractive Maryland Dancing Auditorium Will Receive Public This Evening.

The dancing public and amusement lovers of Oakland and the other east bay cities are looking forward to the opening tonight of the Maryland Dancing Pavilion on Seventeenth street, between Telegraph and San Pablo. The pavilion is without question the most attractive and artistic in the bay region, a corps of high-class artists, working under the direction of Ken Weber, the artist who designed the art work for the Ad. Masque, designing the decorations. The big room glows with yellow, the yellow of the California sunsets, seen on San Francisco bay on a September evening. The hills surrounding Oakland are shown, bathed in the golden sun, on canvas panels, lined with black woodwork in big squares. The lower walls are covered with neutral gray tones. Heavy board panels set off with Flemish oak woodwork. From the top of the wall big yellow oranges with green leaves are seen, while the frieze above is of pink, green and neutral steel work. Baskets with overflowing oranges add to the effect, making a stunning and harmonious impression.

No expense has been spared in the fitting up of the new resort, and judging from the interest already shown it will take its place as one of the leading amusement resorts in the West. A general invitation has been issued to the public tonight to attend. The music will be furnished by Prof. J. T. McCarthy's dainty orchestra. Big dressing rooms for the women have been installed and a feature is the engagement of handsome young women who will act as dancing instructors. Myer Clark, known far and wide as an amusement man, and Bud Drott are back of the big venture. Dances will be given every night but one, and many interesting evening and matinee features have been planned.

It is intended to make the Maryland above all a family resort, a place where the home people can dance and have a good time. Many parties have already been planned for the opening night and a number of nights next week.

Thief Ransacks Home of Jenkins Family

Burglars ransacked the home of Mrs. C. R. Jenkins, 423 Athol avenue, last evening while the owner was absent from the city. The discovery of the attempted robbery was made by a neighbor, Mrs. H. Peters, 409 Athol avenue, who was keeping an eye on the house. She could not find that anything of value had been taken, but this cannot be known exactly until Mrs. Jenkins returns.

Minor thefts were reported by S. A. Pleasanton, 1539 Thirty-eighth avenue, a gold watch; V. W. Colburn, 1450 Broadway, purse and coin to the amount of \$9.20; Mike Cordano, 500 Broadway, a bottle of whiskey and \$4.00; Mrs. Margaret McIntyre, 1558 Broadway, articles of clothing; John McDonald, Baldwin Hotel, articles of clothing.

Declares Soldiers of U. S. Join Canadians

SAN FRANCISCO, Oct. 28.—Concern was expressed here today over a charge that England is recruiting deserters from the American army for the Canadian forces, made by A. H. Van Nieuwenhuysse, a Hongkong shipping man. Nieuwenhuysse declares men deserting from regiments in the Philippines are welcomed with open arms at Hongkong and provided with accommodations and passage if they will enlist in the Canadian army. This class of men, when they used to reach Hongkong as stowaways, were a source of concern to the shippers.

BREAK A CHILD'S COLD BY GIVING SYRUP OF FIGS

'Look, Mother! Is Tongue Coated, Breath Feverish and Stomach Sour?

Cleanse the Little Liver and Bowels and They Get Well Quickly.

When your child suffers from a cold don't wait; give the little stomach, liver and bowels a gentle, thorough cleansing at once. When croup, peevish, listless, pale, does not sleep, eat or act naturally, if breath is bad, stomach sour, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

If your child coughs, snuffles and has caught cold or is feverish or has a sore throat give a good dose of "California Syrup of Figs" to evacuate the bowels no difference what other treatment is given.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here and there. Get the genuine, made by "California Fig Syrup Company."—Advertisement.

Japanese Lover Awaits American Bride Across Sea

MARIE P. COX.

Romance of College Days To Culminate in Wedding

Somewhere off the fog-hung heads of the Golden Gate, where the line of ocean traffic swings outward to the Hawaiian Islands, Miss Marie P. Cox of Evanston, Ill., pretty, petite and twenty-one, is en route toward the romantic shores of old Japan, where within the month she will wed Dr. Taro Yamada, a Japanese University graduate and prominent dentist of Osaka.

While every turn of the steamer's wheel brings the young girl nearer her Oriental fiance, Yamada is busy amid the gardens of chrysanthemums and yellow asters, arranging the final details of the wedding, which will be one unique in the land of the Mikado. A double ceremony will unite the couple—American and Japanese. The wedding march will be sung from the throats of birds, while the bridal pair will pass along a carpet of lily leaves (tuberose).

Miss Cox left today for the Orient on the Pacific Mail liner Venezuela. The wedding will take place upon her arrival in Japan. Its consummation marks the climax of a romance which began in 1914 in the Northwestern University, in Illinois, when Dr. Yamada was a student in the dental clinic and the bride-to-be a stenographer. Acquaintance which began during the halcyon days of studentship continued after Yamada's graduation in 1915.

The young Japanese returned to his native country the same year. Before he left he proposed and was accepted. Then he established himself at Osaka, writing to his fiancée that he had built a beautiful American bungalow as a wedding gift, and telling her to come. Accompanied by Mrs. Misaki Shimadzu, wife of the secretary of the Japanese Y. M. C. A. at Chicago, she left the east several days ago, arriving in San Francisco two days ago, where she took up her residence at 23 South Park.

"I am sure I am going to be happy," declared the bride-to-be before she left port. "If I can find nothing else to occupy my time over in Japan I shall teach the Japanese children to speak English."

Miss Cox refused to give any information regarding her parents, saying that she did not want them to learn of her plans.

"Missing Postscript" Report Is Denied

ATLANTIC CITY, N. J., Oct. 28.—Franklin K. Lane, Secretary of the Interior, issued a statement here last night denying the charge made by Senator Henry Cabot Lodge in a speech at Brookton, Mass., that President Wilson had added a postscript to the second Lusitania note informing the German government that the contents of the so-called "strict accountability" note were "not to be taken seriously" and that the postscript disappeared after members of the cabinet threatened to resign if it was attached to the note.

Secretary Lane's statement follows: "I have been asked whether the statement credited to Senator Lodge is true. I was at every meeting of the cabinet where Lusitania notes were discussed, and no postscripts nor anything resembling it in any way whatever was added before us, nor have I ever heard of any such suggestion either from the President or any member of the cabinet. The whole thing is untrue."

Knights of Columbus Will Confer Degrees

The Knights of Columbus of Oakland and Berkeley councils will confer the second and third degree upon a large class of candidates at Pythian hall, Twelfth and Alameda streets, tomorrow at 1:30 o'clock.

Past State Deputy Neal Power of San Francisco will confer the third degree, assisted by Roger Chisholm, also of San Francisco. The second degree will be conferred by officers of Oakland council. At the conclusion of the initiatory ceremonies a banquet will be served at the Hotel Oakland, where the candidates will be guests of Oakland council. At least 250 members have signified their intention of being present at the banquet, at which speeches will be made by officers of the state and district jurisdiction, and prominent members of the order.

Screen Scenes for Inmates of Home

The pupils of the deaf department are to have a special treat this evening. Mr. and Mrs. Fred S. Hughes of Los Angeles will give an exhibition of the most prize moving pictures from the Panama-Pacific Exposition. The views include Autochrome and Paget Nature Studies, as well as colored travelogues. There are scenes from the world-famous Garden of Youth and Empire Parapets, and from the wonderful children's film entitled "Climbing up the Golden Ladder."

The pictures will be orally described in full to the blind and will be interpreted to the deaf in the language of signs by Mr. W. A. Caldwell, the assistant principal.

TONIGHT

at Midnight the Contest Closes

SEND IN YOUR BOOKS, but be sure and have first-class postage on them—not less than 6 cents. Have your postmaster weigh them.

All sets of answers must be in the office of the Oakland TRIBUNE not later than midnight of Saturday next, October 28th. Sets of answers sent through the mail will be received later provided they bear postmark prior to midnight of Saturday, October 28th. This to give out of town contestants equal opportunity to get their sets in.

SEND IN YOUR SET OF ANSWERS NOW.
BE SURE YOU KEEP A DUPLICATE LIST OF THE TITLES YOU SEND US—AND DO NOT LOSE THEM.

Have you retained the Checking Sheet contained in your Reply Book, printed on Page 43 of that book?
Self-checking plan to be used by all contestants. This plan must be used by all contestants whether you are sending in your answers in the official Reply Book, or whether you are using a home-made set of answers.

TO THOSE WHO USE OUR OFFICIAL REPLY BOOK:
When you are ready to send in your Reply Book, with all your answers written therein, YOU MUST tear out page 48 and keep it at home and use it later for checking up the correctness of your answers. The balance of the book (everything except page 48), containing your answers, must be wrapped FLAT and mailed or brought in to the Contest Editor of the Oakland TRIBUNE, Oakland, Cal. If you mail same full postage (first-class letter postage) must be placed on your package. Be sure you keep a duplicate list at home.

HOME-MADE SETS WILL BE RECEIVED. Be sure you bind your pictures together, either by sewing, pasting or in some other safe way, so that the pictures will not become lost during the checking process. Below we print a facsimile of the checking sheet, taken from our official Reply Book, which must be used by all contestants. To accommodate those who have not used the Reply Book, this checking sheet is published below. CUT IT OUT, SAVE IT, KEEP IT AT HOME. Also keep a duplicate list of your answers at home.

HOW TO USE THE CHECKING SHEET.
As soon as all of the sets of answers have been sent in, the judges will select the BEST titles to fit the pictures, and those selected titles will be designated the Official List of Titles, and all sets of answers will be judged by them and prizes awarded accordingly. When the judges have selected this official list, the winning or correct titles as selected will be published in the Oakland TRIBUNE. You will then be told to check each and every answer that you have submitted (by comparing your duplicate sets of answers which you have been instructed to keep at home, with the official list of titles). Then you write down the results you find, that is the number of correct and incorrect, and total number of answers submitted upon this checking sheet provided you for just this purpose. Sign your name and address and mail it to the Contest Editor, The Oakland TRIBUNE, Oakland, Cal., and in a very short time the prize winners will be announced. Be accurate in filling out and sending in this sheet, as your answers will be judged and prizes awarded according to it.

THIEVES LOOT
PRINCE KABY'S
WARDROBE

On Eve of Departure for Paris,
Scion of Persian Royalty Is
Robbed of Garments in His
Suite at Hostelry in S. F.

Was Expert at the P. P. I. E.,
Where Lectures and Exhibits
Were Greatly Admired; Also
Gave Talk Before Chamber

SAN FRANCISCO, Oct. 25.—While Prince Mohammed Kaby was making arrangements for his departure to New York last night and was saying goodbye to old friends after sixteen months spent in this city, sneak thieves made their way into his apartment and helped themselves to his personal wardrobe, valued at approximately \$500.

The Prince, who came here for the Panama Pacific Exposition as a representative of a Parisienne manufacturer, and who is himself a native of Tunis and a descendant of the Persian royal family, will be remembered in Oakland by reason of a lecture recently delivered there on the agriculture of Persia and India. The talk was given under the auspices of the Chamber of Commerce. He is an authority on many subjects and his quarters in the Liberal Arts buildings were a mecca for those interested in conditions and affairs in Europe and Northern Africa.

Recently Prince Kaby moved from the Palace Hotel and took quarters at the Thornton Hotel, 337 O'Farrell street. Last night he left his apartment after dinner and on his return after midnight he discovered that most of his clothing had been taken, including full dress and tuxedo suits, a business suit, an overcoat, silken shirts and pajamas and numerous smaller articles. Prince Kaby leaves here for New York on Monday and expects to return to Paris in the near future.

He said: "This is the only unfortunate thing that has happened to me since I came to the Exposition. I have everywhere been hospitably received and I thought even the thieves would leave me alone. It seems as though a man must go through every experience once in his lifetime."

Three men who occupied an adjoining suite and who left the hotel at 10 o'clock last night are suspected of the theft.

SUSPECT JAILED.
Robert Phillips and Ernest Dunsing, who were arrested in Reno several days ago on telegraphic information from Oakland, are lodged in the city prison charged with stealing an automobile from the Golden West Furniture Company, 505 Seventh avenue. Inspectors Enright and Robinson returned with the prisoners last night from the Nevada city. The police are trying to connect the two men with other thefts of automobiles in the belief that they belong to an organized group.

Lodge Members Honor Supreme Oracle
of Flourishing Order

In honor of Mrs. Myra M. Enright of Kansas City, Kan., supreme oracle of the Royal Neighbors of America, the Bi-Counties Association of the order held its annual meeting on her birthday. A telegram of congratulation was sent to Mrs. Enright by the 250 delegates from the camps of Alameda and Contra Costa counties who attended the convention yesterday in St. George's Hall, Twenty-fifth and Grove streets. Pacific Camp was hostess and many representatives were present from Golden Gate, Bay Point, Berkeley, Richmond, Elmhurst and Hayward camps.

With a long business and social program to carry through the session, delegates kept the meeting at concert pitch from early afternoon until the evening banquet. Considerable excitement attended the election of officers, there being many nominees for the different positions.

Officers elected for the ensuing term were: President, Mrs. Rose Roulach of Oakland; vice-president, Mrs. L. H. Richards of Bay Point; secretary, Mrs. M. F. Murray of Oakland; treasurer, Mrs. J. W. Norwood of Berkeley. Berkeley was the

choice of the delegates for the 1917 meeting.

Mrs. M. F. Murray, representing Pacific Camp, welcomed the delegates and spoke of the flourishing condition of the camps in the two counties. Mrs. Jennie Foster of Richmond replied.

A school of instruction was held in the afternoon, when the various camps put on the work of the order. They were complimented upon their performance by Mrs. Annie L. Barry, state deputy, and other visiting officers. A class of adoption occupied the early part of the evening session when 100 new members were initiated into the camps. A banquet closed the convention.

Addresses were given by, among others: State Deputy Mrs. Annie L. Barry, Mrs. R. C. Young, president of the Bi-County Association and district deputy Mrs. Jennie Foster, field deputy Mrs. M. F. Murray and Mrs. A. W. Fosbury. Mrs. Fosbury entertained with recitations and Miss Helen Fabiano with songs.

The reception committee appointed by Pacific Camp consisted of Mrs. M. F. Murray, Mrs. W. H. Edwards, Mrs. Catherine Fabiano and Mrs. M. Joseph.

Civic Association Endorses the
New Franchise and Trans-
acts Routine.

After disposing of a lengthy resettlement franchise discussion by a unanimous endorsement of the proposed amendment to the franchise section of the charter of Oakland, the Alameda County Civic Association, at its last meeting, debated the request filed by the United Improvement Clubs East of Lake Merritt, in reference to the selection of a site for a naval base in the Bay of San Francisco, and of a supply station for both army and navy. The location preferred for the naval base was a tract of partly submerged land in San Leandro bay, and for the supply station a newly formed island in Brooklyn Basin east of the entrance to Oakland's inner harbor.

The matter was referred to the executive committee, whose chairman, Dr. Walliser, announced that he would invite the advisory board, Chairman E. L. Vander Nooten, to confer with the executive. A report made by these joint committees would be presented to the Alameda County Civic Association at the November session, when Congressman Elston and Colonel Rees of the federal service would be invited to address the federation of civic bodies before sending a recommendation to Washington.

Delegate V. A. Wain of the Tax Association of Alameda County, and President E. C. Kayser, brought before the organization the long-standing question of preparing assessment block maps, which could be consulted in libraries and real estate offices and would be the greatest step toward equalization of assessments. Fred Shaw, Dr. Watta and Dr. Walliser spoke on this matter, the latter stating that the draft for a consolidated city and county charter made provision for a unified assessment system and that block maps as described by the speakers would be of material assistance in equalizing assessments. The executive committee was instructed to take the necessary steps toward the realization of that project of many years' standing.

Hertz Is Acclaimed at First
Concert of San Francisco
Season; Reading of Number
by German Genius Perfect

Program Gives Promise of the
Best Work in History of S.
F. Organization; Playing Is
Tribute to Great Leadership

By RAY C. B. BROWN.

Two revelations were made at the opening concert of the San Francisco Symphony Orchestra season in the Cort theater yesterday afternoon—One of the polyphonic genius of Brahms as interpreted by Alfred Hertz, and the other of the devotion in which Alfred Hertz is held by the community of music lovers. The greeting he received when he appeared to take up his baton might have been called an ovation if it had not been overtopped by the later demonstration. Never has such a reading of the C Minor Symphony been heard here, and never has an audience so welled a conductor under billows of applause.

All sincere opponents of Brahms—if there are any left these nineteen years after his death—and all who regret glibly that he is academic, frigid, ascetic, austere, formal and a composer of "Athen-Musik," should have heard the magnificent rendition of his First Symphony yesterday. They might have realized once for all the profound sympathy and essential sweetness of character of the outwardly reserved Johannes. In its majesty like Beethoven, in its virile sentiment like a steeper and more thoughtful Schubert, in its poignant expression of sorrow like Tchaikovsky—the First Symphony is one of the few gigantic monuments of man, and Alfred Hertz made the captivate seem more sky-pleasing than ever.

TEXTURE IS RICH.

From the solemn opening of the Sostenuito, with its weight of sadness slowly gathering over the steady throb of an ominous pulse—like the heartbeats of a world pounding beneath the transient emotions of mankind—the triumphal emergence of the first Allegro, in its poignant expression of sorrow like Tchaikovsky—the First Symphony is one of the few gigantic monuments of man, and Alfred Hertz made the captivate seem more sky-pleasing than ever.

After disposing of a lengthy resettlement franchise discussion by a unanimous endorsement of the proposed amendment to the franchise section of the charter of Oakland, the Alameda County Civic Association, at its last meeting, debated the request filed by the United Improvement Clubs East of Lake Merritt, in reference to the selection of a site for a naval base in the Bay of San Francisco, and of a supply station for both army and navy. Grocers Urged to
Increase Prices

Bread Raise to Be Fol-
lowed by Further Costs

With bread prompted by the bakers at six cents a loaf, and other branches of culinary economies on the increase, the housewife was greeted with the cheering information this week that the official publication of the Retail Grocers' and Merchants' Association urged all grocers to raise their prices.

This, to the man and woman, with numerous mouths to feed, takes on the character of a serious problem. According to the grocers' association, sixty per cent of the sales made over the counter are of commodities, which have already felt the rub in wholesale quotations. The grocers, the publishers declare, cannot be absorbed by the retail dealers, but must parallel the market prices and advance with them.

While no official action has been taken by local bakers toward standardizing the existing loaf at six cents, the recent advance in flour has made it practically certain that such an action will probably take place. The bakers, under the recent order of the state bureau of weights and measures, are helpless in the matter of "reducing weight, an action which they intended to take to compensate for the increased cost of materials."

TEVIS FACES NEW
JUDGMENT FOR \$708

Youths Rented Apartments at
Yale; Landlord Sues to
Collect.

SAN FRANCISCO, Oct. 28.—Another civil judgment was rendered today against William S. Tevis, San Mateo millionaire, financier and promoter, whose financial difficulties have been repeatedly aired in public during the last few years. Superior Judge George Sturtevant awarded \$708 to S. W. Hart, a property owner of New Haven, Conn., for the rental of apartments adjacent to Yale University, which it is claimed were leased by Lansing and Gordon Tevis for the year and which were given up when the former found that he could not attend the university.

The charge of Hart brought in a suit to recover the rental was that the two youths rented a sumptuous mansion when Lansing could not go Gordon asked that he be released from the contract. Hart says he agreed provided he could re-rent the premises, but as it was late in the term he was unable to do so. Lansing Tevis was a party to the suit.

SAN RAFAEL, Oct. 28.—Claiming that his first wife, Mrs. Minnie Rea of Oakland, led him to believe that she had been divorced from him, whereupon he married Miss Johanna Meyer of San Francisco, John Henry Rea, Fresno automobile salesman, will ask for probation Monday after pleading guilty Friday to bigamy before Superior Judge Emmett Sewall of Santa Rosa.

While still married to his first wife he married his second mate in Sausalito. He says that he signed papers set before him by Mrs. Minnie Rea's attorney, which led him to believe that his wife had carried out her intention to secure an interdictory decree. Judge Sewall heard the evidence for Judge Edgar T. Zook.

BEUTINGER
JURORS ARE
DISCHARGED

Fate of Woman Who Killed
Her Husband Not Decided,
But Court Is Asked to Ex-
plain Certain of Instructions

Reports Are That Some Wish
to Convict on Lesser Degree
of Homicide, Refusing to
Acquit; Defendant Confident

NEWARK, N. J., Oct. 28.—After twenty-two hours of deliberation the jury that sat in judgment in the case of Mrs. Margaret Claire Beutinger, charged with the murder of her wealthy husband, "Charlie" Beutinger, this afternoon reported its utter inability to agree and was discharged.

After eighteen hours of deliberation the jury reported to Judge Martin and submitted to the court two questions. After the questions had been answered the jury retired again to deliberate. The questions were:

Does the law impose upon the defendant the necessity of taking all reasonable steps to avert a tragedy when she wishes to establish a plea of self defense?

Please define again the differences between degrees of homicide.

The first question evidently arose from that portion of the judge's instructions to the jurors yesterday in which he declared that to establish self defense the defense must show that Mrs. Beutinger retreated before her husband's threats in her bedroom, if she had an opportunity to retreat.

Her counsel took exception to that portion of the charge on the ground that she was in bed when her husband entered and was unable to retreat. Judge Martin went into a masterly technical explanation in response to the jurors' question, citing court decisions.

The second question asked by the jury tended to confirm reports that several of the jurors had refused to acquit Mrs. Beutinger, but were holding out for her conviction for a lesser degree of homicide. One juror in the courtroom was that three jurors favored acquittal and the others conviction of a lesser crime.

So confident was Mrs. Beutinger that her story of a married life of unspeakable cruelties would bring her speedy acquittal that she had planned a party at her home last night. When she entered the courtroom with a jail matron this morning her face was quite pale, but she smiled pleasantly at her friends.

Soldier Will Wed With
2000 'Best Men' on Job

HEADQUARTERS U. S. MUSTERING CAMP, LOS ANGELES, Oct. 28.—The camp will witness its first "wedding" next Wednesday, when 2000 best men join in a wedding march, following Private George R. Wells, Company I, Seventh Infantry, and Miss Beatrice Kligfus of Pasadena, while the military bands of the camp play out Felix Mendelssohn's well-known refrain.

Both Wells and the bride reside in Pasadena. They have been engaged five months. Every man in the camp has been asked to act as best man. Best man will not throw rice, according to invitations.

BIG BEAN SALE.
WOODLAND, Oct. 28.—Twenty thousand dollars' worth of beans were sold in Woodland by E. J. Tharp, representing a small part of the yield on the Tharp Brothers' ranch near Knights Landing. The Tharps sold 1500 sacks of Lady Washington beans at 8 cents per pound and 700 sacks of Red Medians at 6 cents.

Ma Belle
CHOCOLATES

This signature indicates an exclusiveness in confectionery never before reached by western candy makers. Each chocolate covered confection is painstakingly made, based on purest materials just to please those who wish the best.

Candy imitations come as near as they can to our quality and neatness of packing—but there they stop. They never will duplicate Ma Belle quality.

For sale where men of character select best cigars for themselves.

MANUFACTURING NEWS AROUND BAY

General Trade Shows Great Increase in All Lines

Many Concerns Enlarge, New Firms Locate, Additional Equipment Installed and Trade Shows Healthy Progress.

Alameda County and Oakland as a manufacturing community is being recognized throughout the eastern markets and the trend of trade from the east to the west is gradually striking a balance along many lines.

Some of the leading products now going east are butter, dried milk, wines, canned fruits, dried fruits, pickles, catsup, celery, asparagus, citrus and fruit juices, candies, rice, macaroni, peanut butter, health foods, cereals, cosmetics, dental preparations, gloves, knit goods, cotton fabrics, borax, soaps, incandescent lamps, paints, leather, asbestos, magnesite, reed and rattan furniture, roofing compounds, water-proof clothing, lead pencil stock and lumber.

In addition to this list are certain lines of metal wares, engines and pumps

of many kinds, traction engines and special mechanical inventions—in all a very satisfactory showing, including the routing of flour, cereals, pineapples, salmon, beans and nuts.

Oakland is growing in favor and the buying public throughout the east is accepting these products because of their unusually high merit.

Citizens of California should see in these wares the same excellence as eastern consumers and demand the "made in California" product whenever possible.

California and Alameda County will continue to grow in like proportion to her many varied interests. Learn your city and county and boost the manufacturing interests.

The Union Iron Works will launch an ocean vessel from their Alameda plant about November 15.

The Edison Electric Sign shops have completed a new sign on original lines for the Saddle Creek restaurant.

Mrs. Carrie Ingalls has opened an original institution in the Woodward building where she conducts a general school in the art of sewing.

Waters Brothers, packers of grocers' supplies, comment on an excellent season for business and state that money is easier with good collections.

The National Sheet Metal Works installed a hot air furnace and completed sheet metal work on the new Piedmont home of M. Cianciarulo.

The Best Fresh Air Heater Company are making shipments of heaters to many points. A big order was forwarded during the week to San Diego.

The Columbia Steel Company of Pittsburgh is doing a fine business. Their plant makes all sizes of steel rods and rebar into pipe for commercial use.

The American Fish & Oyster Company of Pittsburg have closed a fine season with large packs of salmon. The waters about Pittsburg have had big runs of salmon during the year.

The Frank Garatti winery of Pleasanton is pressing an unusual quantity of grapes. This season the entire output is shipped direct to the east in tank cars for aging and bottling, principally to New York interests.

The big dairies of Mrs. R. H. Collins & Co. of San Leandro are adding more equipment and modernizing their plant. They are now supplying milk to all of the large hospitals of Oakland and San Francisco.

Baker-Hansen Manufacturing Company are overworked with orders for vacuum cleaners and air pumps. Heavy shipments are being made to Los Angeles, San Francisco, California and Oregon. Two additional mechanics are added to their staff.

H. G. Prince & Co., fruit canners, paid \$25,000 for sheet in last year and for the year is \$100,000. This indicates one of the unreasonable advances in raw materials that is being faced by most manufacturers covering several metal lines.

The Kern-Weber Art Studios have completed the interior of the new building at 515 Seventeenth street. In many ways the decorations are original, adding an air of brightness. The exterior has been improved by massive columns.

Russell Lowry, of the First National Bank, in commenting on easier money, stated that with the establishment of the Federal Reserve banks conditions had improved.
